DISC SCREENER

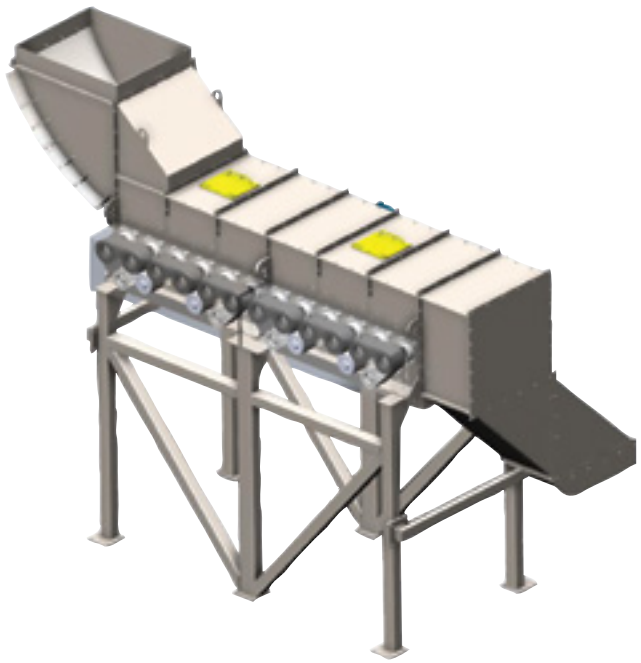
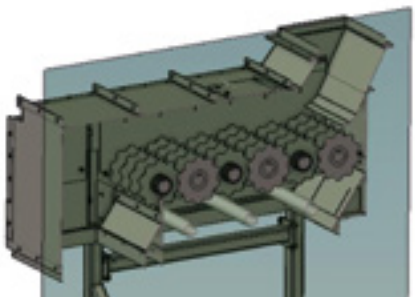
SMART **FEATURES** | BETTER **ENGINEERING** | SIMPLE **MAINTENANCE**



01 SMART FEATURES

- Superior rock handing: thousands of shapes simulated to reduce jambs
- “Dust tight” enclosure
- Available with NFPA-compliant components for fire and explosion safety
- Discs not welded to shafts: can adjust spacing and swap discs
- Bolt-together construction
- Bolts directly to BE&E’s SMART Conveyors™



02 BETTER ENGINEERING

- Cogged belt drive
- No chains or pulleys
- Quiet operation
- Direct drive, shaft-mounted motor
- No lubrication required
- No tensioning required
